

NEWS FROM THE BRITISH INTERNATIONAL HARMSWORTH TROPHY

Harmsworth winning boat on display at the Canadian Raceboat Hall of Fame

The Canadian Raceboat Hall of Fame, which opened in 2024, features the boats and stories that encompass the country's rich boating history.

Amongst the many exhibits is **"Miss Supertest III"** which won the Harmsworth Trophy over three consecutive years (1959-1961).

During a recent trip to the UK, the museum's founder, Murray Walker (pictured below), visited the Royal Motor Yacht Club to see the Trophy 'up close'.

After the visit he commented: *"The experience of seeing the Harmsworth Trophy has been on my 'wish list' for many decades – and the time spent at the Club prompted quite a number of anecdotes about the life of the Trophy."*
